I am a researcher mainly interested in human behaviour, as well as quantitative methods and reproducible science.

About me

I am an Associate Professor and Researcher at **EvoCo: Human Behaviour and Evolution Lab**, and leader of the **CODEC: Cognitive and Behavioural Sciences** research group (classification **A1**), **Faculty of Psychology**, at **Universidad El Bosque** in Bogota, Colombia. My research interests mostly lie in mate choice, human vocal communication, and musicality, as well as bioacoustics, psychoacoustics, and hormonal effects on human behaviour. I published among the first articles showing within-individual changes in voice pitch in response to the social status of the listener, and have demonstrated strong effects of voice modulation on listeners in courtship contexts. I am very passionate about quantitative methods and **R** programming, as a tool to promote reproducibility and open science. Consequently, I am a **recommender** (editor) for **Peer Community In Registered Reports**.

Skills

Programming	R (advanced: all data wrangling, analysis, plots and tables —and even this CV— made in R)
Reproducible Reports	Markdown/ R Markdown (including LaTeX and HTML5). Version control: Git and GitHub
Quantitative Research	General and generalised models, linear mixed-effects models, multi-model inference, machine learning
Software	RStudio , Visual Studio Code , Praat , Audacity , InkScape , Zotero
Languages	English/Spanish (native)

Investigación Abierta (YouTube channel)

 **Investigación Abierta** [Open Research] is a YouTube channel (in Spanish) where I post videos and tutorials related to quantitative research methods and open science, as well as useful open source software.

Shiny Apps

I have created a few, small public apps with **Shiny** in R, mostly for fun or to illustrate statistics concepts. For a list, please check [my website](#).

Editorial Appointments

I am a **recommender** (editor) for **Peer Community In Registered Reports** and recently acted as guest editor for a two-part theme issue on **Philosophical Transactions B** (Part 1, Part 2). I regularly serve as an *ad-hoc* reviewer for a number of journals, such as **Proceedings of the Royal Society B: Biological Sciences**, **Royal Society Open Science**, **PLOS ONE**, **Evolution and Human Behavior**, **Scientific Reports**, **Basic and Applied Social Psychology**, **Cortex**, **Perception**, **Evolutionary Psychology**, and **Frontiers in Psychology** where I served as **Review Editor** for the **Evolutionary Psychology specialty section** between 2018 and 2024. My verified record can be viewed on my **Web of Science** profile.
