I am a researcher mainly interested in human behaviour, as well as quantitative methods and reproducible

About me

I am an Associate Professor and researcher at EvoCo: Human Behaviour and Evolution Lab, and leader of the CODEC: Cognitive and Behavioural Sciences Research Group (classified as A1), within the Faculty of Psychology at the Universidad El Bosque in Bogotá, Colombia. I am also a founding and board member of the Latin American Association for Human Behavioral and Evolutionary Sciences (LAAHBES).

Research: My work focuses on human vocal communication, mate choice, musicality, and hormonal influences on behaviour. I have published pioneering studies on vocal modulation in social and courtship contexts.

Open Science: I am interested in quantitative methods and programming, especially in R, as tools to promote open and reproducible science. In line with these values, I serve as a recommender (associate editor) at Peer Community In Registered Reports, and Data Editor at Proceedings of the Royal Society B.

Skills

Programming R (advanced: all data wrangling, analysis, plots and tables —and even this CV— made in R)

Reproducible Reports Markdown/R Markdown/Quarto (including L⁴T¬X and HTML code). Version control: Git ❖ and GitHub ❖ **Quantitative Research** General and generalised models, linear mixed-effects models, multi-model inference, machine learning

Software RStudio, Visual Studio Code, Praat, Audacity, InkScape, Zotero

Investigación Abierta (YouTube channel).

Investigación Abierta [Open Research] is a YouTube channel (in Spanish) where I post videos and tutorials related to quantitative research methods and open science, as well as useful open source software.

Shiny Apps.

I have created a few, small public apps with Shiny in R, mostly for fun or to illustrate statistics concepts. For a list, please check my website.

Editorial Appointments

I am a recommender (editor) for Peer Community In Registered Reports and recently acted as guest editor for a two-part theme issue on Philosophical Transactions B (Part 1, Part 2). I was recently invited to join Proceedings of the Royal Society B as a Data Editor and regularly serve as an *ad-hoc* reviewer for journals such as Royal Society Open Science, PLOS ONE, Evolution and Human Behavior, Scientific Reports, Basic and Applied Social Psychology, Cortex, Perception, Evolutionary Psychology, and Frontiers in Psychology, where I served as Review Editor for the *Evolutionary Psychology specialty section* between 2018 and 2024. My verified record can be viewed on my Web of Science profile.
